Dear Parent,

The State Board of Education voted to require every Florida public school to provide students in grades 6-12 at least five hours of mental and emotional health instruction each year to begin in 2019-2020. Rule 6A-1.094121 can be found on the Florida Department of Education website.

If you do NOT want your child to participate in the five hour mental and emotional health education curriculum, please sign below to indicate your request. A supervised alternative location on the school campus will be provided for the students who opt-out during that time.

I, _____, parent of _____, do not want my child to participate in the five hour Mental Health Education curriculum.
